

# ***SLIKOVNI SUDOKU***

Popuni prazna polja tako da svaki stupac i svaki redak sadrži po jedan od pet različitih likova.

A 5x5 grid of circles, each containing one of the five icons from the top row. The goal is to place each icon exactly once in every row and column. The current state of the grid is as follows:

Row\Col	1	2	3	4	5
1	Yellow circle	Green square	Blue parallelogram	Red plus sign	Empty circle
2	Purple triangle	Empty circle	Empty circle	Green square	Yellow circle
3	Yellow circle	Red plus sign	Empty circle	Purple triangle	Blue parallelogram
4	Empty circle	Green square	Purple triangle	Yellow circle	Empty circle
5	Red plus sign	Empty circle	Yellow circle	Blue parallelogram	Green square

# **SLIKOVNI SUDOKU**

Popuni prazna polja tako da svaki stupac i svaki redak sadrži po jedan od pet različitih likova.
